RESEARCH INTEREST

My interest is in locomotion interface.

EDUCATION

The University of Tokyo

M.S. in Information Physics & Computing

2023.4 - 2025.3

Tokyo, Japan

Adviser: Dr.Masahiko Inami & Dr.Yasuaki Monnai

Master thesis: *Universal locomotion interface*

GPA: 3.6/4.0

The University of Tokyo

B.S. in Precision engineering

2019.4 - 2023.3

Tokyo, Japan

Adviser: Dr.Ichiro Sakuma & Dr.Etsuko Kobayashi

Bachelor thesis: *Laparoscopic surgery*

GPA: 3.6/4.0

WORKING EXPERIENCE

The University of Tokyo

Teaching assistant

2023.10 - 2024.2

Tokyo, Japan

- Taught how to build electronic circuits using an Arduino.
- Explained the connection method of sensor and actuator values via unity and Arduino.
- Supported the development of students' systems in terms of both hardware and software.

Terra Drone, Inc

Software engineer

2022.II-2023.II

Tokyo, Japan

- Design of drone components and system configuration drawings.
- Selection and trial of SLAM algorithms for stable flight.
- Data analysis based on real data measured using Lidar.

D-stats, Inc

Data scientist

2021.10 - Current

Tokyo, Japan

- Data analysis and visualization of large data sets.
- Predictive modeling using machine learning.

The University of Tokyo

Online supporter

2021.4 - 2022.10

Tokyo, Japan

- Wrote articles explaining how to use online tools for freshmen and teachers.
- Online consulting with teachers and students who are having difficulties regarding the use of online tools.

AWARDS & HONORS

Academic Awards

2020 CHI 2023 Honorable Mention Award (top 5

Scholarship, Fellowship, and Grant-in-Aid

2019 Jasso benefit scholarship
2020 Satomi benefit scholarship
2023 Jasso loan-based scholarship
2023 The University of Tokyo student supporter scholarship
2023 Sky-ICT-foundation scholarship

Other Awards and Honors

2023 Asahi et al, The Legend of Holy Sword: IVRC2023 Jury Award
2023 Asahi et al, The Legend of Holy Sword: NTV Imaginarium Jury Encouragement Award

TECHNICAL SKILLS

Computer Languages	Prolog, Haskell, AWK, Erlang, Scheme, ML
Protocols & APIs	XML, JSON, SOAP, REST
Databases	MySQL, PostgreSQL, Microsoft SQL
Tools	SVN, Vim, Emacs

PEER-REVIEWED JOURNALS

PEER-REVIEWED CONFERENCES

PEER-REVIEWED POSTERS, WORKSHOPS, AND DEMOS
